

Staying Safe in the Sun at School

When the weather is warm, we love to be outside for play and learning. To help keep all children safe, healthy and happy, please follow the advice below.

1 Apply sun cream before school

Please apply long-lasting, high factor sun cream (at least SPF 50, UVA/UVB) to your child before they come to school.

2 Send a named bottle for them to apply

If you would like your child to reapply sun cream during the day, please send a named bottle in their bag.

We will not apply sun cream, but children can apply their own sun cream with supervision.

3 Wear a hat

A school cap or a wide-brimmed hat helps to protect your child's face, head, neck and ears.

4 Wear the correct school uniform

Our school uniform is light, comfortable and suitable for warmer weather. In the summer months, children can wear the green and white summer dress.

Other useful tips

We make sure children have plenty of shade during the day.

Please send your child to school with a named water bottle so they can keep drinking throughout the day.

We encourage children to play in the shade and take breaks from the sun, especially at the hottest times of the day.

> Please remember <

- ✓ Apply sun cream before school every day when it is sunny.
- ✓ Send a named bottle of sun cream for your child to apply themselves (with supervision) if needed.
- ✓ Provide a named hat.
- ✓ Ensure your child wears the correct school uniform.
- ✓ Send a named water bottle.

Thank you for helping us keep all our children
safe and enjoying the sunshine! ♥
